

Clean, Green Portable Power

The XPower™ Powerpack Solar is the first portable power pack that incorporates solar power in a compact, portable power source. It's completely self-renewing, which means the detachable 5-watt solar panel has the ability to recharge the power pack's 10 amp-hour battery.

The 5-watt solar panel captures, stores and converts the sun's renewable energy, replenishes the XPower Powerpack Solar's battery, and extends the runtime of many devices by up to 25 percent.

Product Features

- ▶ Runs 120-volt AC or 12-volt DC products anywhere
- ▶ Built-in 400-watt inverter
- ▶ Sealed, non-spillable 10 amp-hour AGM battery
- ▶ Two 120-volt AC outlets, one 12-volt DC socket and one USB port
- ▶ Three-digit display for easy battery status monitoring
- ▶ Rubberized protection to guard against unit slipping
- ▶ AC charger included so you can charge from a standard wall outlet
- ▶ DC charger included so you can charge from a vehicle or RV

Applications

- ▶ Operates and charges a portable DVD player, 13" color TV, laptop, portable stereo, cordless phone, portable cooler and air compressor
- ▶ Operates multiple products simultaneously

Product Specifications

AC output power (continuous)	320 W
AC output power (2 minutes)	400 W
AC output surge capacity (peak)	600 W
AC output voltage	120 +/- 10 Vac rms
AC output frequency	60 Hz +/- 1 Hz
AC output waveform	Modified sine wave
Internal battery capacity	10 Ah
Inverter no-load current	< 0.4 Adc
DC output	12 Vdc
USB output	0.5 A
AC charger specifications	1.0 A

*Specifications may change without notice.

General Specifications

Dimensions (L x W x H)	15 x 4.5 x 10.25" (38 x 11.5 x 26 cm)
Weight	12.3 lb (5.6 kg)
Warranty	Six months
Regulatory approval	cETLus

Packaging Specifications

Part #	852-2071	
UPC	7 15535 11455 8	
	Gift Pack	Master Carton
Units per package	1	1
Dimensions (L x W x H)	17 x 8.5 x 12.5" (43.1 x 21.5 x 31.7cm)	17.5 x 9 x 13" (44.4 x 22.8 x 33 cm)
Weight	16.1 lb (7.3 kg)	17.6 lb (9.8 kg)

400 WATTS

Clean, green power that's renewed by the sun
Alimentation transportable propre et écologique renouvelée par le soleil

Quiet alternative to a generator
Propre et silencieuse pour remplacer un générateur

Convenient, detachable solar panel
Panneau solaire amovible pratique

Portable household power with continuous solar charging

- 400 Watts of household power to run portable home appliances and electronic devices anywhere
- 400 watts de puissance à usage domestique pour alimenter des appareils électroménagers et électroniques partout
- 12 Volt DC power source to run and recharge communication and recreation devices
- Source d'alimentation de 12 V c.c. pour alimenter et recharger des appareils électroniques de communications et de divertissement

Solar extends device runtime by up to 25%
L'énergie solaire prolonge de 25 % le fonctionnement d'appareils.
